IMPROVED ENGLISH SKILLS STEP BY STEP.

→ ALBERTO/SPAIN

>> I decided to go to GEOS because one of my friends recommended it to me. When I started my course I was not confident with my English skills but step by step I'm improving. I'm very happy with my classmates and teachers. Also, the classes are funny and we spend a lot of time practising speaking and listening. This is good for me because speaking and listening are my weak points. I will spend 6 months at GEOS. I think at the end of my studies I will be ready to use English at work, for my other studies, and in social situations. I would recommend all people who are thinking about improving their English to choose GEOS. It's a great experience and I'm sure you will enjoy it.<<

- ☐ PROGRESS
- ☒ STUDY

ACADEMIC DEGREE.

1 Learn about your program options.

There are so many colleges and universities in the US and Canada – many of which have contracts and partnerships with **GEOS Languages PLUS**. We can help you determine which one meets your expectations, goals, financial resources as well as suiting your life plans.

- Will you do a bachelor's degree?
- Will you try to transfer credit?
- Will you do a Master's degree or a post-Graduate diploma?
- Does the start date match your schedule?

Contact the **GEOS Pathways** department or help desk so that we can provide you with options.

2 How long will you need to study English?

Different universities have different entry requirements for language ability. **GEOS Languages PLUS** can give you a test that will help you determine approximately how long you will need to study.

We will then help you put that together with the application deadlines for the program so that you can figure out when to start your English study with **GEOS Languages PLUS**.

Program documentation deadlines and entry level requirements are important things to know.

3 Pick the right program and apply.

Now that you know your level and your options, we can help you apply to the program that you're looking for.

Some Institutions will require you to apply via the internet, some directly to the international office.

If you are applying from some countries, you will have to apply to the college at the same time as applying to **GEOS Languages PLUS**. We look forward to helping you with that.

GEOS Languages PLUS will help you apply to the program.

4 Study to get the English level you need.

Every institution has different English language entry requirements. You can enter most institutions if you study in our **IELTS** or **TOEFL** preparation courses, but many institutions offer **GEOS Languages PLUS** students direct entry from our highest level with no additional testing. No matter if you need a standardized test to enter your program, **GEOS Languages PLUS** will help you to raise your research, study and over all English language ability to the level you need to succeed.

Improve your English with **GEOS Language Plus**

5 Make the transition: College or University?

During your time at **GEOS Languages PLUS** our counselors and staff will help you learn more about your chosen program and institution. If the institution is in the same city, we will set up a visit, a tour or a meeting with the international counselor for you.

We will work with you to make sure you are on schedule academically to enter when you need to, that you get your documents in and that if something goes wrong, you have another option ready.

GEOS Languages PLUS will keep you on track.

6 Study your program

Just because you've left **GEOS Languages PLUS** doesn't mean we've forgotten about you. You're just beginning a new stage in your journey.

- Maybe you're interested in doing a work term in Canada after your program to get more work experience? We can help you with that.
- Perhaps you're interested in staying in Canada? We can introduce you to our trusted experts in the field.

GEOS Languages PLUS wants to see you succeed in life, not only in class.

INQUIRIES:

Agents and various associates recruit potential students and/or students inquire to **GEOS Languages PLUS** schools directly. Students currently at our schools may also apply to this program during their studies.

- 1** Review of eligibility:
GEOS Languages PLUS determines if prerequisites for the program are met. We ask that:
 - a. Students have at least an intermediate level of English. (If students do not meet this language proficiency requirement, they will be expected to study at our schools until the required English level is reached.)
 - b. Students have appropriate work experience and education for the work desired.
 - c. Students are holders of a valid working holiday visa for Canada.
 - d. Check to confirm which locations are able to provide the program
- 2** Level check (if requested):
Our schools can send written evaluations or arrange telephone interviews to ensure the students' linguistic abilities in English. This is a complimentary service.
- 3** Application to school:
Students or the agent representatives submit applications to the **GEOS Languages PLUS** schools of their choice. Students must register for a minimum of 3 months in the Intensive or Super-Intensive English or French Course.
- 4** Studies:
Students complete their language courses at our schools. In addition to their lessons, students are given job skill workshops during their studies to prepare them for their future employment.
- 5** Communication and Follow-Up:
GEOS Languages PLUS maintains communication with students and companies to ensure a successful course and experience.
- 6** General prices:
 - a. Placement fee for the practicum: 1000 CAD, includes assistance with paid position and placement in unpaid co-op.
 - b. Fees for **GEOS Languages PLUS**: Course + Accommodation

HOME ABROAD.

GEOS Languages PLUS understands how vital a role accommodations play in the students' study abroad experience. As such, our schools offer a variety of accommodation options so that students will have the most memorable and enjoyable stays possible.

HOMESTAY

Students generally stay in single rooms but double rooms may be available upon request. Students also have the option of choosing full-board (3 meals/day) or half-board (2 meals/day) stays. A **GEOS Languages PLUS** staff member has personally visited the houses of all our host families; and **GEOS Languages PLUS**' host families live in safe, comfortable neighborhoods near the schools.

RESIDENCES

GEOS Languages PLUS works with residences that are conveniently located close to the schools on foot or by public transportation. Students can request single or double rooms and share the common areas such as the kitchen, the bathroom and the living room. Our St Julians school offers beautiful on-site school residences.

PRIVATE APARTMENTS / STUDIOS

Private studios or apartments are perfect for students or families that seek, or need more privacy. **GEOS Languages PLUS** Malta provides on-site apartments while other **GEOS Languages PLUS** schools can assist with the booking of an apartment close to the school. All apartments come fully furnished with ensuite bathrooms and cooking facilities. Breakfast or other meals and cleaning services are available at some locations for an additional cost.

SHARED APARTMENTS

GEOS Languages PLUS schools in Europe offer single or double rooms in privately-owned fully-equipped, fully-furnished apartments. Students can choose between Standard and Comfort Apartments, depending on their budget and needs.

Standard Apartments

These apartments are ideal for the budget-orientated traveler. The apartments come with fully-equipped kitchen and bathrooms, and basic furniture. They are located either on campus or just a few minutes from the school. At some locations, students can book breakfast and meal plans for nominal fees.

Comfort Apartments

These apartments are generally larger with better furnishing and equipment. There is also more frequent cleaning service (usually twice a week). These apartments are located on campus or very close to the school. At some locations, students can book breakfast and meal plans for nominal fees.

RECREATION ABROAD.

Languages are not just learnt in the classroom! At **GEOS Languages PLUS** students are encouraged to put their newly acquired language skills to the test by taking advantage of our wide selection of after school social activities. Whether it be walking or cycling tours of the city, sampling the local cuisine or playing sports, students soak in the local language and culture while socializing with like-minded individuals from around the world. The types of activities available depend largely on the season and location. **GEOS Languages PLUS** releases an activity program once a month and students can expect at least two activities per week. The majority of activities are free of charge; however some require a small contribution.

At **GEOS Languages PLUS New York**, we focus on classroom study combined with cultural immersion as the two pillars of language instruction. Our students are thus able to apply the material they learn in the classroom outside of our walls as they discover all that New York City has to offer.

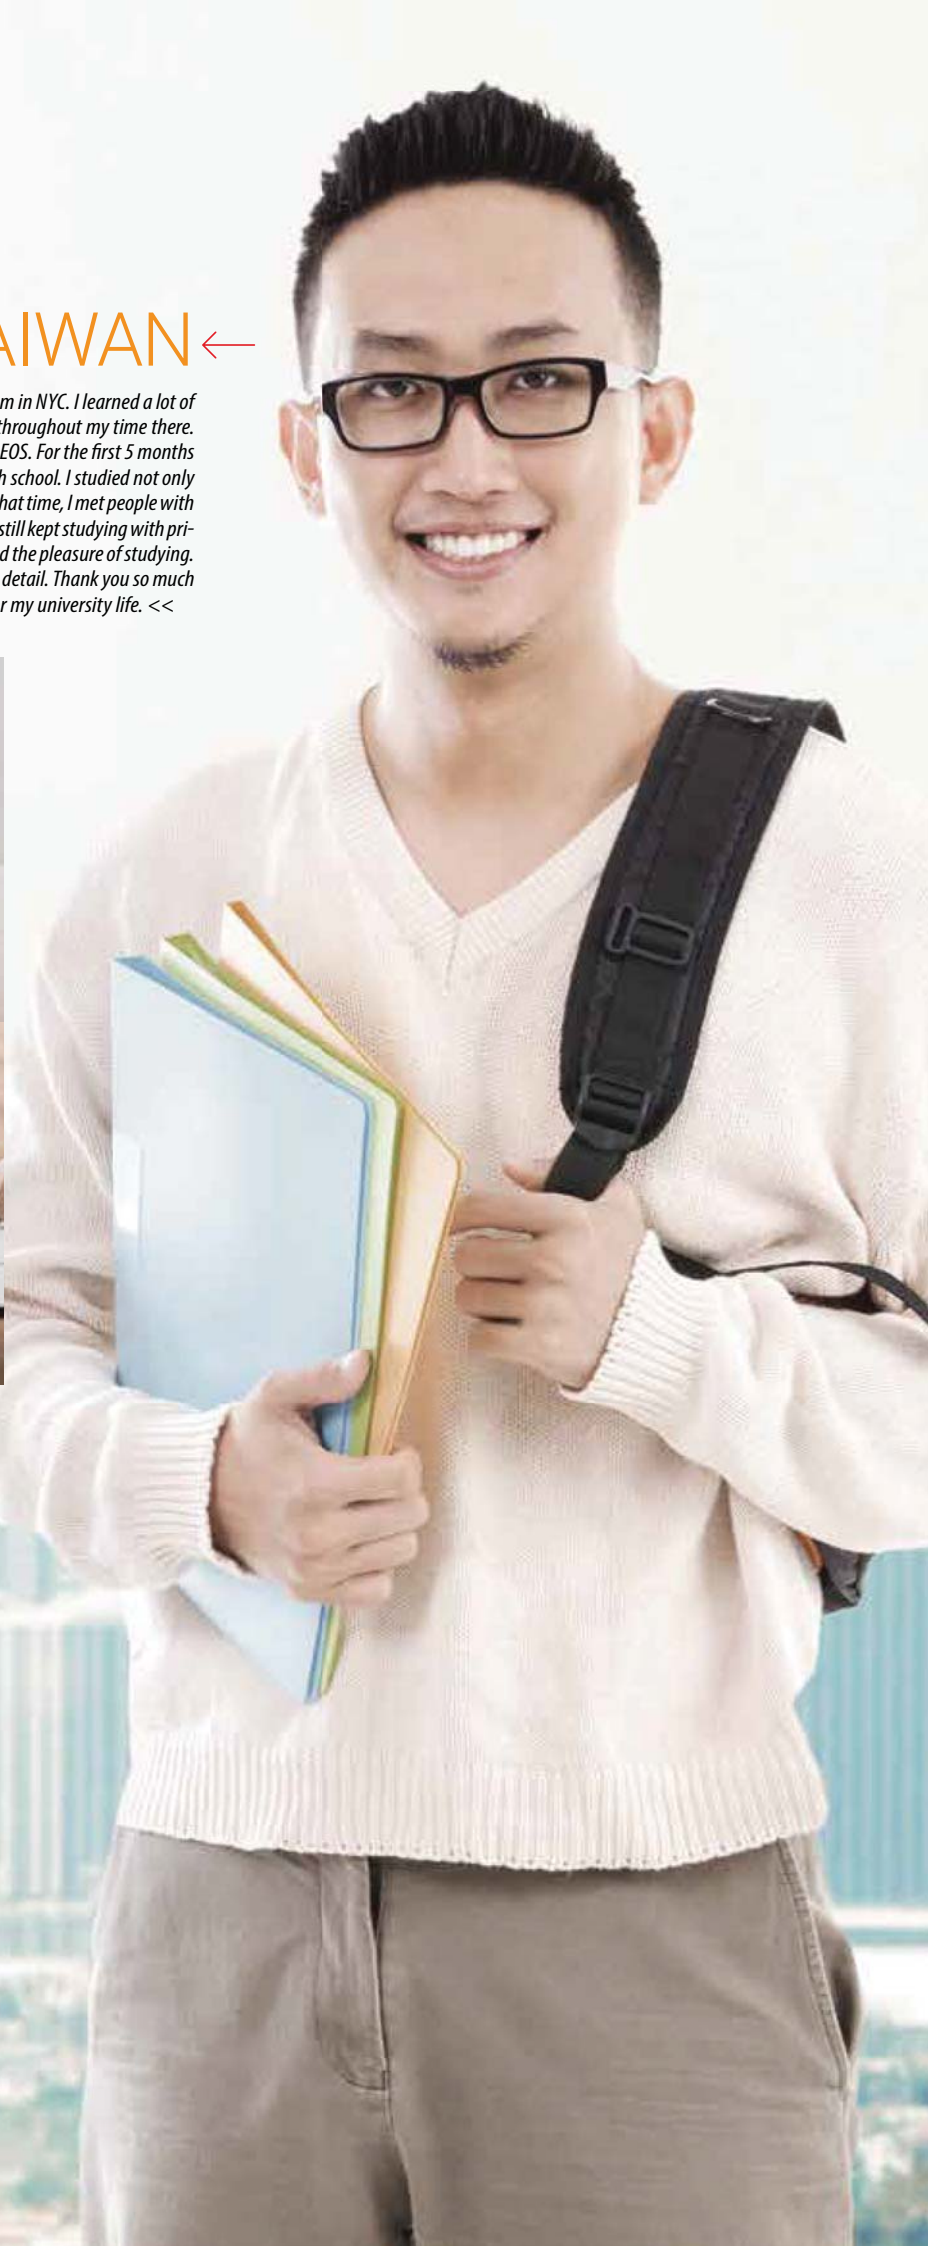

Our popular Pathways Program is perfect for students interested in pursuing a post-secondary education. We currently work with over 50 universities and colleges across the USA, Canada, United Kingdom and Malta, including several in the Greater New York area.

GEOS Languages PLUS New York is located in Midtown Manhattan, close to a variety of celebrated attractions, amenities and neighborhoods. Visit the Empire State building with ease, or stroll down to the lower east side, one of New York's most revered shopping areas. The "city that never sleeps" welcomes nearly 40 million visitors each year, contributing to a superior standard of living, a wealth of cultural and recreational opportunities as well as some of the most beautifully diverse urban landscapes.

>> I took the GEOS High School Preparation Program in NYC. I learned a lot of things and have been supported by a lot of people throughout my time there. Needless to say, one of my biggest supporters was GEOS. For the first 5 months I went to GEOS to prepare for studying at a local high school. I studied not only English but also Math, Chemistry and so on. During that time, I met people with different backgrounds. When I entered high school, I still kept studying with private lessons at GEOS. Thanks to my tutors I discovered the pleasure of studying. They were very kind and taught me patiently and in detail. Thank you so much GEOS. I'd like to make good use of this experience for my university life. <<

Students at **GEOS Languages PLUS Ottawa** have the luxury of customizing their own study plan from a wide variety of courses and programs – a luxury many other language schools do not offer. We like to think that this distinguishes us from our competitors, as each of our students has his/her own goals, objectives, learning outcomes and personalized study plan.

Our intensive university/college Pathways Program is a popular choice for our younger students who are looking to continue their post-secondary education in North America. We commonly send our students to schools in the Greater Ottawa Area, including **Confederation College**.

Ottawa is the beautiful Capital of Canada! Ottawa is medium in size, clean, safe and comfortable, but has all the vibrant and cultural excitement of a world-class capital. We like to think of it as North America's best kept secret. Our school is located right downtown, just minutes from the beautiful Parliament Buildings and other tourist attractions. No other language school in the city has a better location.

Welcome to Toronto, where international students enjoy opportunity, equality, and a peaceful multicultural society! **GEOS Languages PLUS Toronto** has been referred to as the 'fine dining restaurant of English Schools' for its unique and interpersonal approach with a small, close-knit school atmosphere. It is our goal to create a positive, successful and supportive culture. All of our instructors have a minimum of 5 years' experience, along with a Languages Canada accredited and recognized 'teaching English as a second language' certificate.

As a global city, Toronto is home to a number of renowned post-secondary educational institutions, many of which our students attend after they graduate. We are proudly partnered with **Sheridan College** and **Liaison College Cooking School**, among many others.

Located in one of the city's most charming areas, Old Town Toronto, and known as "Toronto's Birthplace", our school is in the vibrant soul of a modern city. Conveniently situated downtown, the surrounding area boasts a large variety of quality restaurants, pubs, and a wide range of shopping centers, making it ideal for every type of student.

>> This is the first time I have ever said "Wow! I'm proud of myself." My graduation is just ahead, and I am ready to transfer to a university. I now think back to the beginning of my English study at GEOS. I started from beginner class and finished in the advanced class. Through my English studies at GEOS, I learned that the most important thing to do for your English is repetition. While I shared my daily experiences in class every day, I suddenly noticed, "I know a lot of vocabulary."

Also my favorite class activities were the presentations. Of course, everyone gets nervous the first time, but I realized it is actually fun. A lot of my experiences in GEOS gave me confidence. Therefore, I wasn't worried about anything when I started studying at Sheridan College. Although I have learned so many things there as well, GEOS is the most special for me.<<

At **GEOS Languages PLUS Montreal**, our English and French courses support the notion that concentrated language instruction results in higher success rates for students. We emphasize the importance of classroom study combined with cultural immersion as the most effective way to learn a new language.

While we offer a wide-range of language courses, our university/college pathway program is designed to increase students' success in pursuing a post-secondary education in an English speaking society. **GEOS Languages PLUS** is partnered with over 50 universities and colleges across Canada, the United States, United Kingdom and Malta including several in the Greater Montreal area.

Our school is located in the beautiful downtown core, at the heart of Greater Montreal's economic, social and cultural center. As one of North America's most vibrant cities, it pulsates with color, movement and activity throughout the calendar year. The combination of low-cost living and cultural flare makes Montreal an ideal city for international students. In fact, in 2013 it was ranked as the top destination for study abroad programs.

We encourage our students to take a step beyond the everyday processes associated with learning a new language by challenging them to take their newly acquired skills outside the classroom walls. Victoria is the ideal place to learn and practice English while experiencing what it means to live in Canada. At **GEOS Languages PLUS Victoria**, we are continually developing programs regularly to fit the needs and wants of every student.

Our Pathways program is the perfect option for students looking to pursue an education at a North American post-secondary institution. We often help students with the application process at **Royal Roads University** and **Camosun College**, both located in the Great Victoria Area.

Alternately billed as the "smartest city in Canada" - due to the rapidly growing high-tech sector - and the "city of gardens" - due to its abundance of green space, Victoria offers a unique experience for language education and travel/tourism.

>> Studying in Malta was an enlightening experience and GEOS was the perfect partner before I even set foot in the country. They supported me right from the start, they helped me find the right university program and then after an assessment they booked me on to just the right level of English course to make sure that I had the required proficiency level to go to university. Everything went very smoothly, from my initial enquiry through to my graduation in Malta. Thank you GEOS for all the support throughout my time with you! <<
